Anthony J. Landis, P.E.  
Chief of Northern California Operations  
Office of Military Facilities  
Department of Toxic Substances Control  
Northern California Region  
8800 Cal Center Drive  
Sacramento, CA 95826-3200

Dear Mr. Landis:

This letter transmits the final version of the *Finding of Suitability to Transfer (FOST 10), Former Fort Ord, California, Track 0 Plug-In GroupD, Track 1 Plug-In East Garrison Areas 2 and 4 NE, and Track 1 Plug-In Groups 1 – 5 Parcels*, dated September 2006. The FOST describes a number of parcels (the Property) located within the boundaries of the former Fort Ord, which the Department of the Army (Army) believes are suitable for transfer pursuant to the Comprehensive Environmental Response, Compensation and Liability Act (CERCLA), Sections 120(h)(3) and 120(h)(4). The Army requests the Department of Toxic Substance Control (DTSC) concur with the Army's determination the Property is suitable for transfer.

The draft version of the FOST was issued for a 30-day public review and comment period that ended on August 29, 2006. No comments were received from the public. Thank you for your assistance in this matter, and for your continued support of the environmental cleanup of the former Fort Ord.

Sincerely,

Gail Youngblood  
BRAC Environmental Coordinator
